

BUFLEX 31MM SANDER KIT

9710009 KIT

The Buflex 31mm sander Kit includes the 35mm Super-Tack Touch-Up discs which are **perfect for use** after topcoat spot sanding. Due to Buflex's uniform and shallow sanding pattern, **compound polishing can be largely reduced** and thus achieving the best finish in the shortest time. Also in the kit are the superfine grade P1500 Yellow-Film and the P2000 grade Waterproof Stickon discs in 35mm for touch-up of minor imperfections such as nibs and runs. These discs provide a fast and uniform cut and its self-adhesive backings designed for quick change convenience with our 35mm Cushion Pad. These mini discs are designed to use with the Double Finger Super Tack Sanding Pads and the 35mm Cushion Pad which are **specially designed to use for spot touch-up** applications. The Double Finger Super Tack Sanding Pads have hooks on one side for Super-Tack discs and vinyl surface on other for Stickon discs and are made out of quality semi-flexible foam and other quality materials.
