

# BUFLEX/POMM

## 75mm

9710005 Kit

The NEW 1500 Velcro Yellow Film disc de nibs even the hardest clear coat easily then follow with buflex. Buflex (a unique dry sanding system) integrates an ultra-flexible **latex abrasive** sheet and a specially formulated pad that cuts fast with a shallow scratch pattern which is **easier to polish** than 3000 grit or finer. In addition, because of Buflex's flexibility, it can even polish inside the valleys of orange peel without eliminating its texture, making **matching OEM finishes** a breeze. Its easy to see how this system is effective even on the most uneven surfaces.

**NEW SUPER BUFLEX  
DRY SANDING SYSTEM**
