SUPER BUFLEX SHEETS KIT

NEW SUPER BUFLEX
DRY SANDING SYSTEM

971001

An innovative new Dry Sanding and polishing system that promises to cut long buffing times by 50% or more. Buflex system combines an ultra flexible Latex abrasive film and a specially designed soft pad to remove topcoat sanding scratches effectively and efficiently. The finish left behind by Buflex can be polished easier than grit P3000 or finer. Buflex has proven that compound polishing processes can be largely reduced thus achieving the best finish in the shortest time.
