

FILLER CARBONIO

DESCRIPTION

One-component pore filler for composite materials.

This film-forming product can be applied directly on surfaces made of composite/carbon fiber.

Excellent filling properties; easy to apply.

CHARACTERISTICS

- Specific gravity: $1,56 \text{ g/cm}^3 \pm 0,05$
- Colour: dark grey

APPLICATION

Apply with a Hitex 4000 TNT cloth, then let air-dry for 15-20 min at 20°C.

Remove the exceeding product with an ultra-fine handpad.

Clean the surface with a water-based anti-silicone product and continue with the painting cycle.

Do not blow with air!

Sanding is not needed.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
