

NO-SIL AQUA

No-Sil Aqua is a water-based anti-silicone pre-cleaner that can be used in-process.

PRODUCT CHARACTERISTICS:

- Helps reduce solvent emissions VOC: 210 g/L
- Ensures that the surface is perfectly clean before the water or solvent-based matt base coat is applied;
- It is ready to use;
- It has good anti-static properties;

PRODUCT APPLICATION

Soak a clean cloth in No-Sil Aqua Plus.

Wipe the surface with the soaked cloth, before and after sanding, operating in one direction only, to avoid smearing of contamination.

Dry thoroughly using a clean dry cloth – do not let the product dry on the cleaned surface.

STORAGE

Prevent frost - Store the product at a temperature > 5° C.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
